

*Dear Colleague,*

this is the first Announcement and Call for abstracts of the International Conference on Problems of Strongly Correlated and Interacting Systems that will take place in Saint-Petersburg from 28th to 31st of May 2014.

The scope of this meeting is bringing together the world-leading experts in different areas of the many-body physics and strongly correlated systems for an informal exchange of knowledge and discussions.

End of May is the best season to discover the beautiful architecture of Saint-Petersburg. The conference venue is at the hotel "Saint-Petersburg" located in the historical heart of the city, on the bank of the river Neva. The social program of the conference will include an excursion to the world famous Peterhof: the summer residence of Russian emperors, and a social dinner in a characteristic restaurant in the historical center of the city.

The full information on this conference sponsored by the Russian Quantum Center and the list of confirmed invited speakers are available at the web-site <http://www.mifp.eu/SCHOOLS/RQC-2014/>

We are looking forward to welcoming you in Saint-Petersburg in 2014.

Sincerely yours,  
Alexey Kavokin,  
Eugene Demler,  
Elisabeth Giacobino
